

## 'People in Construction' Conference

### THIRD ANNOUNCEMENT AND CALL FOR PAPERS

**Nelson Mandela  
Metropolitan  
University**

*for tomorrow*

**Port Elizabeth  
South Africa  
6-8 April 2014**

#### Objectives

The TG59 *People in Construction* conference provides an international forum for researchers and practitioners from developed, developing and underdeveloped nations to address fundamental problems and constraints that affect people in construction. The broad objectives of the conference are to:

- Provide a forum for multi-disciplinary interaction between academics and practitioners;
- Provide an internationally recognised and accredited conference;
- Disseminate innovative and cutting edge practices, and
- Contribute to the people in construction body of knowledge.

The organisers aim to bring together researchers, academics, administrators and practitioners representing educational institutions, government agencies, contracting organisations, consulting enterprises, financial institutions, and other construction related organisations from all over the world.

#### Conference theme

Given the focus of the CIB task group, the conference will address a broad scope and topics that are organized around the conference theme of *People in Construction*.

#### Main topics

- Diversity
- Education and training
- Employment and poverty reduction
- Employment relationships
- Ergonomics

- How can communication and management difficulties be addressed?
- How can safety and health risks be better recognized, understood and avoided?
- How can diversity and inclusivity be promoted?
- How can the regulatory environment be more effective?

#### Abstracts and Papers

Authors are invited to submit abstracts in English of not more than 150 words for peer review by the scientific and technical committee by not later than 31 October 2013. To produce a structured abstract, please complete the following fields relative to the paper. There are six fields which are obligatory: purpose; design; findings; value; research limitations / implications, and practical implications. Each abstract should indicate the topic of the conference the proposed paper will address, and give the name and full contact details of the author to be contacted concerning the paper. Abstracts will be reviewed according to: the relevance to the topics and objectives of the conference; originality of subject matter; likely academic rigour of the proposed paper; and likely contribution to knowledge, or practical relevance, of the proposed paper. Note that only papers that are based on actual research that include empirical findings will be accepted upon proof of registration.
